

[Graduate Thesis Research Proposal Submission and Thesis Evaluation Procedures]

1. Eligibility :Students who passes the qualification examinations(foreign language, comprehensive) are eligible to submit Thesis Research Proposal. In the period of leave of absence, it is not possible to submit it. The Thesis Research Proposal submitted during the leave of absence will be removed. After returning to school, it is possible to submit it.

2. Submission Procedure of Thesis Research Proposal

Step 1. Log-in to Yonsei Portal system

Step 2. Select Graduation Fulfillment → ‘졸업심사유형(Graduation Evaluation Type)’
→ ‘학위논문’ → ‘신청(designation)’ Click

Step 3. Consent to the graduate thesis ethics commitment

Step 4. Submit Research Proposal on [Yonsei Portal](#)

Step 5. Get it approved by the research advisor and submit the approved copy to the department office

Step 5. The department approves the proposal based on the research advisor's comments

Step 6. Graduate School approves the proposal

3. [Submit Thesis Research Proposal & English Name Revision on Yonsei Portal](#)

- Period:

- In order to submit the proposal, students should agree to the graduate thesis ethics commitment.

4. [Thesis Committee Selection](#): Students submit the name list of thesis committee to the Yonsei portal.

Then, the department updates the thesis committee information.

- Master's: Update the research advisor and thesis committee.

- Doctoral: In the semester of submitting the thesis research proposal, the research advisor must be updated. Then, in the next semester, when evaluating the thesis, thesis committee must be updated.

※ According to the regulations, doctoral students are required to complete ****Directed Research II**** for at least one semester. However, some departments may require doctoral students to complete ****Directed Research II** for two or more semesters** in accordance with their departmental regulations. ****Students are advised to check their departmental regulations carefully.****

For students in departments that require two or more semesters of Directed Research II, ****thesis evaluation may not be available during the semester in which**

the Thesis Research Proposal is submitted or approved.** Therefore, students are advised to **carefully review their departmental regulations** regarding the required period of Directed Research II before submitting their Thesis Research Proposal. (Please contact your department office for inquiries regarding departmental regulations.)
